

NORTHUMBERLAND, TYNE AND WEAR NHS FOUNDATION TRUST

BOARD OF DIRECTORS

Meeting Date: 25 February 2015

Title and Author of Paper: Performance Report (Month 10). Lisa Quinn, Executive Director of Performance & Assurance

Paper for Debate, Decision or Information: Information

Key Points to Note:

- Monitor Risk Assessment Framework - Governance risk rating Green (lowest risk) and Continuity of Services Risk Rating of 4 (**pages 3 & 4**)
- NHS Outcomes Framework – the dashboard is intended to bring together local and national data to allow NTW to benchmark and improve the quality of services we provide. Data reported is as at quarter 3 (**page 5**)
- Quality Dashboard – at M10 the trust continues to have full compliance with all of the CQC essential outcomes of quality and safety (**page 6**). All CQUIN have been rated Green for M10 with the exception of Physical Health and CYPS Waiting Times due to the amount of effort required in both areas to achieve end of year targets. The carers CQUIN has also been rated amber in month 10 due to slight delays in completion of Q3 work however the year end forecast is green.
- Serious Incidents – there were 10 Serious Incidents reported in Month 10 which is an decrease from 17 the previous month (**page 6**)
- Complaints – there were 27 complaints received in Month 10 which is an increase from 25 the previous month (**page 6**)
- Waiting Times – a draft waiting times dashboard is included within the report, however this month the shadow contractual EIP and IAPT targets data has been removed due to a review of the methodology used . nb waiting times data will be provided at CCG level from April 2015 onwards (**page 7**)
- Workforce Dashboard – JDR/PDP rates are now at 80.3% and remain below the expected minimum of 90%. Sickness absence has increased to 7.27% in January 2015 from 7.22% the previous month (**page 8**)
- Finance Dashboard - At Month 10, the Trust had a risk rating of 4 and a surplus before exceptional items of £7.0m which was £3.0m ahead of plan. It is also forecasting a year-end surplus before exceptional items of £3.4m which is £2.3m ahead of plan. However, the Trust is still facing some key financial pressures including forecast in-patient staffing overspends in Urgent Care (£3.1m) and overspends on medical staffing (£0.5m) as well as a forecast in-year shortfall on savings required from the Financial Delivery Programme (£1.8m). These pressures are currently being offset by non-recurring underspends. (**page 9**)
- Contract performance – dashboard summaries are provided for each contract highlighting any indicators which have not been achieved in Month 10 (**pages 10-13**)

Group: Alliance
Period: 2014/15 January

Northumberland, Tyne and Wear 
 NHS Foundation Trust

Target Achievement in this period

Under Achievement Achievement

Comments:

The Alliance contract overall has one area of underperformance for January :
 > CPA Service users with identified risks who have at least a 12 monthly crisis and contingency plan

The Cumbria contract underperformance is in relation to service users who are care co-ordinated by non-NTW staff.

The underperformance on 7 day follow up in Gateshead related to 1 patient

Comments:

The two IAPT metrics for Northumberland are the only areas of underperformance at a contract level.

- Metric 701078 “moving to recovery” has increased from 33.3% to 36.1% in the month

The underperformance on 7 day follow up related to two clients –one of which was followed up on day 8.

- 9 HARTLEPOOL AND STOCKTON-ON-TEES CCG (100.0%)
- 9 SOUTH TEES CCG (100.0%)

Comments:

There are no under performing areas at a contract level.

The majority of patients have their care co-ordination function carried out by non-NTW staff which affects the percentage of CPA users recorded as having a risk assessment & recording of reviews in the last 12 months.

As per previous months the delayed discharge relates to one patient where Social Services are still looking for suitable alternative accommodation.

Under recording on ethnicity is due to small numbers of clients over a number of services.
